*Supporting Growth and Healing
 Through Deep Feeling Process*

You are invited to
Primal... Paths Beyond Talk Therapy.
 The practices of many therapists, primal educators and peer primalers who make up the 2008 International Primal Association Convention constitute these paths. You and these divergent modalities will, in the words of a Doug Cotler song, "blossom round the table like petals on a flower."
 Like the Impressionist salons of Europe, each creates a different picture with common themes and unique styles. Join us to learn new techniques and to experience...

Denise Kline, J.D., Ph.B.
 2008 Convention Chair

"Freeing Your Voice and Opening the Heart" will be the Keynote Address by Roger Tolle on Tuesday afternoon, August 5. This will include brief hands-on exercises and some introduction to the flowing world of Trager movement. Saturday, Roger will present a workshop featuring "Mentastics" experiences toward **"Living Your Fullness."**

Roger Tolle has been teaching the Trager® Approach internationally since 1987. For many years he had a private practice in New York City. When not on the road teaching, he maintains a part-time practice in Charlottesville, Virginia. He has a B.A. in Theatre/Movement and brings to his teaching and practice a fluidity, playfulness and elegance from 15 years of professional dancing, as well as authenticity, clarity and simplicity from Mentastics movement meditations.
